Responsibilities

Tenure track Assistant Professor in the Nutrition and Foods Program in the Department of Family and Consumer Sciences. Over 250 undergraduates major in one of four Nutrition and Foods tracks, including Nutrition and Foods (with a minor), Nutritional Science, Dietetics and Teacher Certification. The Didactic Program in Dietetics is accredited by the Commission for Dietetics Education (CADE). Graduate programs include a CADE accredited post-baccalaureate Dietetic Internship, and an MS in Human Nutrition with 2 tracks - Functional Foods and Nutritional Sciences.

Nine-month appointment with possible summer teaching. Responsibilities include teaching undergraduate and graduate courses; developing new courses to complement existing undergraduate and graduate nutrition and foods curricula; supervising thesis research and writing; engaging in an active, externally funded research program; participating in appropriate service activities.

Qualifications

Required: Earned doctorate in nutrition, foods or a closely related field; evidence of research experience; ability to teach courses related to nutrition and foods; university teaching experience.

Preferred: Undergraduate and/or graduate teaching experience; research interests in areas such as food related behavior/psychology, food anthropology, food culture, or clinical nutrition related to obesity and diabetes; peer-reviewed journal publications; grant writing experience; evidence of financial support for research; teaching and research awards; Registered Dietitian.

Texas State University-San Marcos

Texas State University-San Marcos is a doctoral granting university located in the burgeoning Austin-San Antonio corridor, the largest campus in the Texas State University System, and the 7th largest in the state. Texas State's 28,132 students choose from 110 undergraduate and 88 masters and 6 Ph.D. programs offered by seven colleges, the University College, and the Graduate College. With a diverse campus community including over 29% of the student body from ethnic minorities, Texas State is one of the top 20 producers of Hispanic baccalaureate graduates in the nation. Additional information about the university and its nationally recognized academic programs is available at <http://www.txstate.edu>.

Personnel Policies: Faculty are eligible for life, disability, health and dental insurance programs. A variety of retirement plans are available depending on eligibility. Participation in a retirement plan is mandatory. The State contributes toward the insurance programs and all retirement plans.

The Community: San Marcos, a city of about 45,000 residents (including students), is situated in the beautiful Central Texas Hill Country, 48 miles north of San Antonio and 25 miles south of Austin, the State Capital of Texas. Metropolitan attractions plus outdoor recreational opportunities make the community an attractive place in which to live and work. Other major metropolitan areas, including Houston and Dallas-Ft. Worth, are within four hours.

Texas State University-San Marcos is an equal opportunity educational institution and as such does not discriminate on grounds of race, color, sex, national origin, age, sexual orientation or status as a disabled or Vietnam era veteran. Texas State is committed to increasing the diversity of its faculty and senior administrative positions. Texas State University-San Marcos is a member of the Texas State University System.
